It’s why Jeanne Katruska became a nurse.
Jeanne Katruska’s relationship with SRMC exceeds her 30-plus years of employment as a registered nurse, serving those she loves right here at home. She, her husband, and even their three children, were all born in this very hospital. In fact, Jeanne was a candy striper here during her teens - a role that sparked her desire to become a nurse.
Dear Friends

Through thirteen years, the Community Foundation of Greene County (CFGC) continues to grow and serve the Greene County community.

During 2013, the board and staff of the Foundation took the time to explore, listen and hear from the people of our community as part of our future planning efforts. We spoke with numerous key leaders in the community and had great turnout of local residents and representatives of Greene County organizations at a Community Conversation.

We heard some great things about the Foundation and about our Greene County community. People recognize the many roles of the foundation: a fund manager, a regional resource, an organizational partner, and a community leader. They agreed we fulfill our mission - making Greene County a better place to live. Our work with the Community Builders program and the Greene County Food Security Partnership received appreciation from many stakeholders. There was also respect for our ability to manage funds.

We also heard there are additional opportunities for growth. Participants in the planning process indicated that the community foundation needs to be more visible. There is great concern that the general public does not know enough about the foundation and the impact of our work. So we need to be more intentional in publicity and exposure in the community. Some participants recognized additional opportunities for engagement through philanthropy and community problem solving. Moreover, through greater collaboration and public convening, many stakeholders felt community problems could be better addressed.

We’ve come a long way since December 2000 and we still have a long way to go. We listened. We heard. We are responding.

As more people come to know CFGC, we are able to do more to help you help non-profits and local residents. I hope you will take a few minutes to look through the report and see how you and others make a difference in our community. Will it inspire you to leave a legacy - for good, for Greene, for ever?

Sincerely yours,

Nancy I. Davis, Ed.D.
Chairwoman
Board of Directors
Community Foundation of Greene County
About the Community Foundation of Greene County

The concept of the community foundation was initiated by Frederick Goff in Cleveland, Ohio, in 1914. Part of his intent was to establish an agency in which people of relatively modest means could engage in large-scale philanthropy by pooling their contributions.

Today, there are nearly 900 community foundations in the United States – 36 in Pennsylvania. These nonprofit foundations are public charities created by and for the people. They serve their communities by supporting other public charities and offering a variety of services to help make charitable giving simple, cost-effective and tax beneficial.

In December 2000, the Community Foundation of Greene County was founded on these very same principles.

In partnership with donors, nonprofit organizations and members of the community, the CFGC’s primary goal is to strengthen and enrich the lives of Greene County residents through education and philanthropy.

The Foundation puts into action the values of local people by pooling donor funds and making grants for specific and sound purposes to benefit the community.

Grant opportunities include charitable and nonprofit organizations, educational institutions and student scholarship funds.

Consider Creating a Charitable Fund

The staff of the CFGC makes it easy to create a new charitable fund. We do all of the paperwork and the procedure can often be completed in just one meeting.

If you decide to create a new fund within the CFGC, we recommend that you consider the following steps:

1) Determine your charitable purpose or intent.
2) Discuss your charitable ideas and goals with your family, friends, and financial advisor.
3) Discuss how you hope to achieve your charitable goals, along with the size and type of gift best suited to your resources.
4) Select the type of charitable fund that best supports your purpose. Our staff will outline your options and discuss advantages of each.
5) Work with CFGC staff to help complete a governing document.
6) Name your fund. A new fund may be created in your name, the name of a family member, or the name of a favorite cause. The fund may be named to create a lasting memorial to a loved one. If you wish, as the donor, you could choose to remain anonymous.
7) Depending on the type of fund established, you may choose to designate current fund advisors (perhaps you and/or your spouse) as well as a successor advisor (perhaps your spouse or children). This information will be included in your governing document.
8) Contribute an establishing gift.
9) Receive a tax deduction at the time the fund is established and when additional contributions are made to the fund. Enjoy giving through your fund. Once your fund is established you can:
10) Add to the fund at any time in any dollar amount.
11) Specify how grant disbursements are to be acknowledged – whether in the name of the fund or anonymously.
12) If you’ve established a donor-advised fund, you may recommend distributions to specific charities.

LIVE UNITED.

We Invite You to be Part of the Change…

Give Where You Live!

Want to make a difference? We are creating lasting change by focusing on Education, Income & Health. That’s what it means to LIVE UNITED.

Since its founding in 2000 by Greene County residents, the Community Foundation of Greene County has become the focal point within the county for mobilizing and assisting individual donors, nonprofit groups and organizations to create funds that support today’s needs and that promote long-term investment in the community. As a 501(c)(3) nonprofit charitable corporation, the Community Foundation currently manages nearly $4 million in assets, including 62 permanent and restricted funds.

Funds are professionally managed and integrated into grantmaking programs that address current and emerging needs in areas such as arts and culture, economic development, education, the environment, health, human services, recreation, and religion. Through careful investing, the impact of gifts received is multiplied, and resources are extended to help future generations. Most importantly, the funds provide support to benefit local non-profit organizations, schools, and students in Greene County.

One of the most rewarding benefits of giving through the Community Foundation is the opportunity to establish a fund in your name, or in that of a loved one, and witness firsthand the good your donation can do for others. A permanent endowment will invest money and distribute earnings to support designated organizations, scholarships, or discretionary grants. The foundation supports several types of funds:

- Unrestricted Funds
- Field-of-Interest Funds
- Designated Funds
- Advised Funds
- Scholarships

The gifts can be made through an outright gift to the Foundation or as bequests or planned gifts. A bequest is a common form of planned giving. By including a charitable contribution in your will, you are able to make a gift that is simple, and in many cases, larger than you could make during your lifetime. The bequest can take the form of a specific item (such as a home) or a specific amount of money, or may serve as a “residual bequest,” where the remainder of a donor’s assets becomes a gift after all other specific bequests have been paid out.

To learn more about establishing a fund or contributing to an existing fund, and to help shape a better Greene County, contact the CFGC office at (724) 627-2010, or email cfgcpa@gmail.com. We are also available to speak with you or your organization about the Community Foundation.
Endowed And Restricted Funds 2013

**Designated Funds**

*The Bentleyville United Methodist Church Fund* – to provide unrestricted support for the Bentleyville United Methodist Church

Grants Make Lasting Imprint in Greene

The Community Foundation seeks to fund organizations and ideas that will have a significant and lasting impact on Greene County, its residents, infrastructure and future. CFGC currently considers three types of grants — programmatic, capacity building, and special projects — in the following service areas:

- Arts & Culture
- Children, Youth & Families
- Community & Economic Development
- Education
- Environment
- Health & Human Services
- Religious and Faith Based

Generally, an eligible group must be a nonprofit, charitable (recognized under Section 501(c)(3) of the Internal Revenue Code), tax-exempt organization, located in Greene County, Pa.

CFGC may also make grants to organizations outside Greene County, whose purposes or programs benefit Greene County residents.

Application Deadlines

The Foundation follows a quarterly grantmaking schedule with the following deadlines for applications:

**Quarter 1**
- EITC Scholarships (spring semester only) – January 8
- Designated Agency Funds – February 15

**Quarter 2**
- College Scholarship Funds – April 10
- Summer Discretionary Grants – June 15

**Quarter 3**
- EITC Scholarships (full year) – August 20

**Quarter 4**
- Fall Discretionary Grants – October 1

**Year Round**
- Educational Innovative Curriculum Grants
- Donor Advised Funds – As recommended by donor advisors
Grants and Scholarships in 2013

Total Grants and Distributions - $349,618

| Donor Advised Grants - $4,437 |

About the Pennsylvania Educational Improvement Tax Credit Program (EITC)

The Community Foundation of Greene County is designated as an Educational Improvement Tax Credit (EITC) Organization. The EITC Program is a project of the Pennsylvania Department of Community and Economic Development which accepts contributions from area businesses and corporations to be used in one or more of the following programs that support innovative educational programs in public schools, as well as scholarships for children attending accredited K–12 private schools and children attending approved Pre-Kindergarten programs.

**EITC Innovative Education Program** supports development of innovative, advanced curriculum opportunities for the benefit of Pennsylvania public school students.

**EITC K-12 Private School Scholarship Program** provides children and families choosing to attend private and parochial schools with financial scholarship assistance to make private education more affordable.

**EITC Pre-Kindergarten Scholarship Program** provides tuition assistance for children ages 3-5 years attending an approved pre-kindergarten program.

See the 2013 Grant Report for more information about the grant awards; and About Our Grants for information on applying for an EITC grant or scholarship.

Businesses Can Participate in the EITC Programs

Businesses may apply to DCED to receive Pennsylvania tax credits for their contributions:

- 90% tax credit if the business makes a two-year gift or a 75% tax credit for a single year gift for the Public School Improvement or K-12 Scholarship Organizations.
- 100% of the first $10,000 contributed and up to 90% of the remaining amount contributed up to a maximum credit of $200,000 annually for contributions to Pre-Kindergarten Scholarship Organizations.

For more information about how a business can apply for a tax credit through the Pennsylvania EITC program, call the Community Foundation office or check out PA DCED website at: http://www.newpa.com/find-and-apply-for-funding/funding-and-program-finder/educational-improvement-tax-credit-program-eitc

Community Leadership and Nonprofit Capacity Building

The Community Foundation of Greene County provides leadership to address local needs in the community through outreach and capacity building for nonprofit organizations. Activities include convening groups of organizations and individuals to discuss and/or strategize methods to address identified needs; providing technical assistance to nonprofit organizations through seminars and facilitating meetings with other funding sources, and; conducting a series of nonprofit leadership development classes.

The Community Foundation partners with local agencies to support and promote activities which help build a better Greene County. The Community Builders of Greene County, a leadership development program, is the result of one such partnership. Community Builders was organized by interested citizens and representatives from organizations including the Greene County Economic Development Office, Greene County Human Services Office, Community Action Southwest, Waynesburg University, Southwest Regional Medical Center, Westmoreland County Community College and others. Many graduates of the program have become involved in their communities as board and committee members of local organizations. More than one hundred residents have completed a Community Builders series since 2004.

The 2013-2014 Community Builders class of ten participants finished in December 2013. The Community Builder of the Year Award was presented to Connie Hart.
Greene County Summer Food Program

**Summer Food Task Force**
In early 2010, partnering with the Greater Pittsburgh Community Food Bank, CFGC convened a group of representatives from nonprofit organizations, schools, businesses and local government to address the lack of opportunities for some children to continue receiving nutritional support during the summer months when there is no school lunch. As a result of the outreach, local school districts offered to serve as sponsors for the SFP in Greene County. During the first year, the program provided meals to 12 sites, serving a total of 13,400 meals to 837 unduplicated children.

In 2013, Carmichaels Area School District and Central Greene School District provided meals to 16 sites, serving a total of 24,548 meals (lunches and snacks) to approximately 1,273 unduplicated children.

CFGC acts as a local fiscal sponsor to provide support through grants and marketing for the project. The Greater Pittsburgh Community Food Bank provides assistance through outreach staff and marketing resources.

Greene County Weekend Food Program

The Greene County Weekend Food Program provides bags of non-perishable food items which are placed in a child’s own backpack, or a backpack to be given to the child. The food pack is designed to be non-perishable, child-friendly packages that do not require the child to cook or use special equipment. Many packs also provide plastic utensils. Each pack includes food for 6 light meals for the weekend including items such as individual cereal packs, PopTarts, applesauce, fruit juice, peanut butter, crackers, pasta bowls, pudding, oatmeal bars, juice packs, etc. Shelf stable milk and fresh fruit may also be added. The school district food service directors prepare the menus and order the food through the school’s food vendor at a significantly reduced cost.

Each weekend package of meals (2 breakfasts, 2 lunches, and 2 dinners) costs an average of five dollars to prepare using the school districts’ purchasing power. For a full school year, approximately 39 weeks, the program costs about $195 per child.

The program is confidential in order to protect the child. Students are selected for participation through recommendations by a school nurse, social worker, guidance counselor, teachers and/or food service director.

In 2013 the program included elementary schools in Carmichaels, West Greene, Southeastern Greene, and Central Greene school districts.

CFGC acts as a fiscal sponsor for the program in order to receive grants and contributions for the program as needed.
